Principle 1: Lay Solid Foundations for Management and Oversight

(a) Roles of the Board and Management

The Board acknowledges that it is accountable to shareholders and must ensure that the Company is properly managed and protected to enhance shareholder value by ensuring the long-term health and prosperity of the Group.

DTI’s Board Charter establishes the following key responsibilities and functions of the Board:

- **monitor management's performance and the Company's financial results on a regular basis;**
- **appoint, appraise and determine the remuneration and benefits of the CEO;**
- **delegate powers to the CEO as necessary to enable the day-to-day business of the Group to be carried on, and to regularly review those delegations;**
- **ensure that the Group has in place appropriate systems to comply with relevant legal and regulatory requirements that impact on its operations;**
- **determine the appropriate capital management for the Group including share and loan capital and dividend payments; and**

The Board has delegated the day-to-day management of the business and affairs of DTI to the CEO. The Board has approved detailed delegation authority limits for the CEO and certain senior managers that may be exercised in accordance with DTI's Delegated Authority Policy. Financial and procedural controls are maintained by management to ensure adherence to the delegated authority limits and DTI's Delegated Authority Policy. When considered appropriate by the Board these financial and procedural controls may be amended.

In addition to the requirements of the law, the Company's Constitution and ASX Listing Rules, the Delegated Authority Policy reserves the following matters (including amendments to any such matters) for approval by the Board:

- **establishment of DTI's overall strategic direction; business plan, including geographic expansion and product range; and the Company's key business and financial objectives;**
- **approval of acquisition and disposal of assets which exceed the authority limits delegated to the CEO;**
- **decisions which result in a material change to the business of DTI;**
- **various financial controls;**
- **changes to the Company's capital or corporate structure; and**
- **charging or encumbering in any way the assets of the Group or borrowing any money or obtaining any financial facility.**

The DTI Delegated Authority Policy was last reviewed in October 2020 whilst the Delegated Authority Matrix was last reviewed in October 2021.

(b) Procedure for the Selection and Appointment of Directors

In selecting new members for the Board, the Board Charter requires directors to have regard to the appropriate range of qualifications, experience and diversity needed by the Board as a whole and for the directors to endeavour to appoint individuals who will provide a mix of director characteristics and diverse experiences, perspectives and skills appropriate for the Group.

The Board has established guidelines for the appointment and selection of Directors. These guidelines are to ensure that the Board consists of members with a range of skills and experience to meet its primary responsibility for promoting the success of the Company in a way which ensures that the interests of shareholders and other stakeholders are promoted and protected.

Retiring Directors are not automatically re-appointed. Directors appointed for a three-year period and then are subject to the selection and appointment procedures described in the guidelines, ASX Listing Rules and the Company's Constitution. The Company undertook various checks on the current Directors at the time of their appointment. The Company will undertake appropriate checks before appointing a person, or putting forward to shareholders a candidate for election as a Director, and will provide shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director. These include checks in relation to the person's character, experience and qualifications, criminal history, bankruptcy as well as ensuring that the person is available to provide the appropriate time commitment to serve as a Director.

(c) Letters of Appointment

(i) Non-Executive Directors

No new Directors were appointed during the period. Non-Executive Directors have received formal letters of appointment setting out the term of office, their role and responsibilities, time commitments, remuneration and expenses, outside interests, the requirement to disclose director's interests, the requirement to comply with key corporate policies, the Company's policy on when Directors may seek independent professional advice, indemnity and insurance arrangements, and confidentiality obligations.

(ii) Senior executives

The Company has entered into employment agreements with senior executives of the Company which provide the employment conditions, remuneration and entitlements for the senior executive's position with the Company. The agreement also contains an acknowledgement by the senior executive to maintain information which is confidential to the Group. All inventions, discoveries and novel designs created by the senior executive as a result of or in the course of the performance of their duties with the Group are assigned to the Company.

(iii) Company secretary

The company secretary is Mr Harry Miller who was appointed on 22 August 2022.

The company secretary is accountable directly to the Board, through the Chairman. Each Director is able to communicate directly with the company secretary and vice versa.

Mr Miller's biography is available in the Company's 2022 Annual Report.

The company secretary's responsibilities include:

- ensuring that the business and attendances at Board and committee (where established) meetings are captured in the minutes;

- advising the Board on governance matters;
- acting as the Company's disclosure officer to ASX; and
- monitoring that Board and committee (where established) policies and procedures are followed.

(d) Diversity Policy

The Company has adopted a Diversity Policy to assist DTI to achieve a corporate objective of attracting, developing and retaining people who are highly competent and can contribute to the long-term success of the Company and its corporate values by bringing a broader range of perspectives, experience and ideas. The Diversity Policy requires that the Board set and assess measurable objectives for achieving improved diversity.

As at 30 June 2020 of the employees employed throughout the Group in full-time, part-time and casual employment, 28 percent of employees were women and 72 percent were men. There are no women on the Board and one women hold a senior executive position. A senior executive position is a position which reports directly to the CEO or the Board.

The Company has set measurable diversity objectives effective 1 July 2021 as follows:

- over each of the next three years increase the percentage of women across the whole organisation
- by 30 June 2023 at least 33 percent of women comprise the workforce.

	Goal FY22	Achieved FY22	Goal FY23
% Female	32	28	33
% Male	68	72	67

In establishing these diversity objectives, the Company is cognisant that achieving such objectives is influenced by many factors including:

- the need to hire the best qualified person for the available job as established by the Company's Equal Opportunity Policy;
- changes in the number of people employed due to expansion or reduction in future business activities of the Company; and
- changes in the composition of the workforce due to resignations, redundancies or terminations.

Due to the current size of the Group's workforce (less than 100 employees) the Company is not required to lodge annual public reports with the Workplace Gender Equality Agency for the Company's operations.

(e) Board and Board Committee Performance Evaluation

The Board Charter requires the Board to undertake a review of its performance, policies and practices every 12 months and to disclose the process for periodically evaluating the performance of the Board, its committees and individual directors. The results of the performance evaluation will be used by the Board when considering making a recommendation to shareholders regarding any Director required to stand for re-election.

A Board review has not been completed for FY22 at this stage.

(f) Senior Executive Performance Evaluation

The Board reviews the performance of the CEO against key performance indicators on an annual basis. The CEO undertakes a formal review each year assessing the performance of senior executives who report to him.

During the 2022 financial year, performance reviews of the senior management personnel were completed in accordance with the Company's Development Appraisal Process. Information on the performance evaluation and structure of the remuneration for the Company's key management personnel is included in the Remuneration Report contained in the 2022 Annual Report.

Principle 2: Structure the Board to Add Value

(a) Composition of the Board

The Board is responsible for the overall operation and stewardship of the Group and for the overall success and long-term growth in a way which ensures that the interests of shareholders are promoted and protected.

(b) Director Independence

The Board comprises 4 independent Non-Executive Directors.

The Company has adopted guidelines based on the factors set out in the ASX Principles in assessing the independent status of a Director. These guidelines are set out in the Board Charter.

The Board considers that each of Chris Afentoulis, Andrew Lewis, Steven Gallagher and Greg Purdy are independent non-executive Directors for the purpose of the ASX Principles.

The Board believes that Mr Purdy is the most appropriate Director to lead the Board as a Non-Executive Chairman, that he is able to bring independent judgement and business acumen to relevant issues falling within the scope of the role of Chairman, and that DTI as a whole benefits from this extensive experience and knowledge and his contribution to the Company as Chairman.

(c) Board Skills Matrix

Collectively, the Board has an extensive range of commercial skills and other relevant experience required for effective management of the Company's business. Board members, including some who are also directors of other ASX listed companies, together have a combination of experience in the following areas:

- corporate governance.

The Board considers that its current members have an appropriate mix of skills that enable the Board to discharge its responsibilities and deliver the Company's strategy and corporate objectives.

(d) Nominations and Remuneration Committee

The Board dissolved the committee in May 2018 on the basis that the size and complexity of the underlying business did not warrant the costs and additional time input of the committee members.

Whilst this is a departure from recommendations 2.1 and 8.1 of the ASX Principles the Board feels that this structure best suits the needs and operations of the Company.

The Board has assumed the role of a Nominations Committee which includes:

- nominate for approval by the Board external experts (where appropriate) to advise on the matters listed above;
- review the time required from a non-executive Director and whether Directors are meeting this requirement;
- evaluate management's recommendations on the appointment of key executives;

- **develop a plan for identifying, assessing and enhancing Director competencies;**
- **ensure that there are appropriate professional development opportunities for continuing Directors to develop and maintain the skill and knowledge needed to perform their role as a Director effectively; and**
- **ensure that there is an appropriate induction program for new Directors and members of senior management and review its effectiveness.**

The Board has assumed the role of a Remuneration Committee which includes the:

(b) Code of Conduct

The Board has established a Code of Conduct which outlines how the Company expects Directors and employees to not only comply with the law, but also to conduct themselves in a manner consistent with the current community and corporate standards.

The objectives of the Code of Conduct are:

- **to provide a benchmark for professional behaviour throughout the Company;**
- **to support DTI's business reputation and corporate image within the community; and**
- **to make employees aware of the consequences if they breach the code.**

Any breach of the Code of Conduct is treated as a serious matter and may give rise to disciplinary action including termination of employment.

The code contains “Statements of Commitment” to employees, clients, shareholders, governments and to communities. The code requires compliance with and respect for the law, fair dealing, equal opportunity and anti-discrimination matters, occupational health and safety issues, disclosure of Company information, provision of information about the Company which has not been made public and conflicts of interest. In addition, the code contains guidelines dealing with gifts, prizes and entertainment, improper use or theft of Company property or assets, dealing with confidential and private information and outside employment activities.

(c) Supporting Policies to the Code

The Board has established various policies to support the Code of Conduct including:

(i) Whistleblowing

DTI recognises that any genuine commitment to detecting and preventing illegal and other undesirable conduct must include, as a fundamental cornerstone, a mechanism whereby Directors and employees can report their concerns freely and without fear of repercussion.

DTI’s Whistleblower Protection Policy provides a mechanism for the reporting of illegal and other undesirable conduct. An employee can report a matter of concern to their immediate supervisor or manager, or to a more senior manager or in instances where the employee wishes to remain anonymous, to the company secretary. All reported concerns are required to be investigated appropriately and feedback regarding the investigation’s outcome provided to the employee where appropriate.

(ii) Securities dealing by DTI Directors and Employees

The purpose of DTI’s Securities Dealing Policy is:

- to explain the type of conduct in relation to dealings in securities of DTI that is prohibited under the Corporations Act 2001 (Cth) (“Corporations Act”) which is applicable to all DTI Employees, Directors, its contractors and consultants and any of their related parties; and**
- to establish a best practice procedure relating to dealing in securities that provides protection to both DTI and Group employees against the misuse of unpublished information which could materially affect the value of securities.**

DTI recently revised this policy and has ensured that all existing DTI employees, Directors, its contractors and consultants have been provided with a copy of the revised policy. A copy of the revised policy will also be provided to new DTI employees, Directors, contractors and consultants on appointment in the future. In addition to the restrictions imposed at law, the policy also requires that Employees and Directors who wish to deal in securities must obtain prior approval to do so.

Employees and Directors of DTI, and their related parties, may only deal in the Company’s securities during the following dealing windows:

- c. 10.00am (Australian Eastern Standard Time) on the ASX trading day after the date on which DTI's annual general meeting is held;
- the period during which DTI has a current prospectus or other form of disclosure document on issue under which persons may subscribe for Securities; and

Principle 4: Safeguard Integrity of Corporate Reporting

(a) Audit, Risk and Compliance Committee

The Board dissolved the committee in May 2018 on the basis that the size and complexity of the underlying business did not warrant the costs and additional time input of the committee members.

Whilst this is a departure from recommendations 4.1 and 7.1 of the ASX Principles the Board feels that this structure best suits the needs and operations of the Company.

The Board has assumed the role of an audit, risk and compliance committee which includes:

- overview of the external audit function and maintaining an appropriate working relationship with the external auditors;
- overseeing financial reporting;
- fulfilling its overview of the systems of internal control which the Board and management have established;

- ensuring the establishment and maintenance of processes of risk management and monitoring compliance with corporate policies, the Code of Conduct and corporate governance and risk management policies generally; and

- are expressed in concise and clear language that allows shareholders and the market to assess the impact of the information when making investment decisions.

The policy applies to Directors and members of senior management who are most likely to be in possession of, or become aware of, the relevant information. All DTI employees are made aware of the existence of the policy so that they can assist with reporting of potentially sensitive information to the appropriate persons within the Company.

DTI is committed to:

- complying with the general and continuous disclosure principles contained in the ASX Listing Rules and the Corporations Act;
- preventing the selective or inadvertent disclosure of material price-sensitive information;
- ensuring that shareholders and the market are provided with full and timely information about its activities; and
- ensuring that all market participants have equal opportunity to receive externally available information issued by DTI.

Principle 6: Respect the Rights of Security Holders

Shareholder Communications

DTI recognises that its current and prospective shareholders are entitled to be informed in a timely manner of all major happenings and developments affecting DTI. DTI's website currently includes information about itself and a section on its corporate governance policies and practices (www.dti.com.au/investors). (a) Remuneration Policies and Practices

(i) Non-Executive Directors

The maximum aggregate fees that can be paid to Non-Executive Directors was established in the Company's Constitution as \$250,000 per annum. This amount has not been varied by shareholders.

The amount paid to each Non-Executive Director is a fixed annual amount as agreed by the Board and does not include a commission or percentage of profits or income of the Company.

Non-Executive Directors are not eligible to receive retirement benefits (other than statutory superannuation) and do not participate in any equity-based payment or incentive plans.
